

STUDENT REPRESENTATIVES TO THE SCHOOL BOARD

The MSAD #40 School Board finds it beneficial to have student representatives to the Board.

Two students will be appointed for one-year renewable terms.

Qualifications include being a full time student in MSAD #40's secondary (grades 9-12) program.

Each fall at the beginning of the school year students will be invited to apply for the positions. They may respond by letter, fax, or email.

An ad hoc committee of the School Board will interview applicants and select two for recommendation to the Board.

Appointment will be by the full MSAD #40 School Board.

Student representatives will be given policy manuals and any non-confidential meeting-package materials. They will have seats at the table of all Board meetings and will be encouraged to share their viewpoints in the same manner as elected Board members. They will have all the privileges of Board members except a vote and attendance at executive sessions.
