### II. Discussion Items:

Kim presented spring of 2017 MEA test results for grades 3-8, and high school.

Guy Bourrie questioned our results compared to similar schools in Maine.

Kim also presented 2016-17 NWEA scores which she feels are more indicative because they show the growth our students from fall to spring. This data is also more useful for teachers to plan personalized instruction.

The committee agreed we need to continue discussing what to do about our poor test scores.

Andy and Linda also talked about why last year's junior class did so poorly compared to the previous junior class.

Andy offered to present at our next meeting our freshman class's progress toward meeting the state standards.

Adjournment: 6:30 p.m.

All subcommittee meetings of the Board, except executive sessions, will be open to the public. All actions of the subcommittees will be taken openly and the deliberations leading to their action will likewise be conducted openly. The public and district employees are encouraged to attend subcommittee meetings. Subcommittee meetings are open to the public. Public input is welcomed but the Chair may need to limit discussion.
