Enrollment Types

Students **enrolled** includes all students enrolled in the district.

For Essential Programs and Services (EPS) funding purposes:

Attending student counts are based on where the students are educated. Public school district attending counts include: (1) students from the local school district attending schools in the local school district, plus (2) students from outside the school district who are tuitioned there from other school districts.

Resident subsidy counts are based on where the students' parent or legal guardian resides. They are counts of students who reside in each school unit and are educated at public expense. Public school unit resident subsidizable counts include:

1. Resident students from the local school unit attending schools in the local school unit.
2. Resident students from the local unit who are tuitioned to other public school units, charter schools or private schools and who are paid for with public funds.
3. Resident students from other school units that have been transferred by a Superintendent Transfer/Agreement

Resident Subsidy Counts do NOT include:

- students educated in the Maine Indian Education system
- Students educated in State Operated schools
- Students educated in the Unorganized Territories
- Students educated in private schools (non-publicly funded)
- Students educated for free or paid for by the parents
- Students either below the minimum age or over the maximum age for services

Note: Attending Student Counts are based on where students are enrolled; while Subsidizable Student Counts are based on where students live
