

Distribution of Materials through Students

The School Committee believes that students, who are required by law to attend school, should not be used to distribute or carry home materials that are not directly related to school programs, school curriculum, and/or school-related activities for students. Only the following materials may be distributed to be carried home by students:

- A. Official communications from the Board, Superintendent, administrators, and school staff, such as newsletters, letters to parents concerning their child, meeting or event announcements, school forms, and classroom information.
- B. Information and notices concerning school-sponsored activities and programs for students and/or parents.
- C. Information and notices concerning activities and programs offered by groups affiliated with and recognized by RSU 40 (such as parent-teacher groups and booster clubs).
- D. Notices from the recreation programs of RSU 40 sending towns regarding programs available for students.

The Superintendent may, on a case-by-case basis, approve the distribution of materials from other non-profit groups concerning activities/programs that directly enhance the educational goals of the schools and are designed to benefit students. The Superintendent's decision in each case will be final.
